

# **NOTICE**

## **Fire System Installation Update**

This is a reminder that your building is on the schedule for the Fire System Installation.

## **BUILDING 2**

**Work will start Tuesday, May 26<sup>th</sup>**

On Tuesday, Cox will need unencumbered access to all the units on the second-floor.

On Wednesday, Cox will need access to the remaining units on the first floor.

It's important to have someone available to give Cox access, it will only take them 20 minutes to complete the installation.

**\*Please be advised, due to the nature of this installation, if no one is home the Association has the right to call a locksmith to gain access. If a locksmith is required it will be at the cost of the homeowner.**
